**MERCER COUNTY BRIDGE REPLACEMENT PROJECT ON LOCUST LANE
Virtual Neighborhood Design Meeting
October 13, 2020 at 6:00 PM**

Dear Locust Lane Property Owners and Residents:

Mercer County has identified that the Harry's Brook bridge on Locust Lane is in need of major repairs due to deteriorated structural conditions. On October 13, 2020, Mercer County staff and their consultants invite you to a neighborhood design meeting to review the details of the proposed repairs including vehicular access to #67 and #68, construction timing, and other neighborhood concerns. Mercer County currently anticipates that construction will begin in Spring 2021 in compliance with the various timing restrictions established by the New Jersey Department of Environmental Protection (NJDEP) for work in and near this stream corridor.

The meeting will be held virtually via Zoom. You can participate over the internet or by telephone. Please note, if you participate by telephone you will not be able to view the County's presentation. We will post the presentation on Princeton's website at <https://www.princetonnj.gov/resources/infrastructure-projects> prior to the meeting.

If you are not able to attend this meeting, please contact Assistant County Engineer, Basit A. Muzaffar, P.E. at 609-989-6641 to discuss the project with you individually.
