**NOTICE OF GEOTECHNICAL EXPLORATION WORK ON WITHERSPOON STREET**  
**FRIDAY, AUGUST 21, 2020 7 AM TO 5 PM**

Please be advised that contractors working for the Municipality of Princeton will be performing geotechnical exploration work on Witherspoon Street from Nassau Street to Valley Road on Friday, August 21 between 7:00 am and 5:00 pm. From 7:00 am to 11:00 am, Nassau Street to Hulfish Street will be closed to vehicular traffic. This is a moving operation; work will continue north on Witherspoon Street towards Valley Road. Two Princeton Police Officers will be on-site to provide traffic control direction. Please travel safely and respectfully through the work area.

The geotechnical work entails the following:

- 8 soil cores between Nassau Street and Green Street per the boring plan available at: <https://drive.google.com/file/d/1n4ziMFYDC5kPCs9YzRdtzfNU45SeflB/view?usp=sharing>
- 20 asphalt pavement cores between Nassau Street and Valley Road per the pavement coring plan available at: [https://drive.google.com/file/d/1Alloz6R08Bg\\_knsmdvA-MNoic\\_QGTc6X/view?usp=sharing](https://drive.google.com/file/d/1Alloz6R08Bg_knsmdvA-MNoic_QGTc6X/view?usp=sharing)

This work is a necessary part of the data collection efforts related to Princeton Engineering Department's Witherspoon Street Improvement project. If you have any questions or concerns regarding this project, please contact the Engineering Department at [engineering@princetonnj.gov](mailto:engineering@princetonnj.gov). If you require immediate, non-emergency assistance during the geotechnical exploration work, please contact Rich Decker, Engineering Inspector, at 609-751-6826.
