IMPROVEMENTS TO LINDEN LANE AND SPRUCE STREET

Project Update Notice No. 17

December 1, 2020

Dear Linden Lane and Spruce Street Neighborhood Property Owners and Residents:

The Princeton Council approved [Resolution 20-379](#) on November 23, 2020 to terminate the construction contract with ICUNJ. The Municipality has ordered the removal of all equipment and remaining materials from the site. The Municipality is currently working with the contractor's surety company to ensure the remainder of the construction work is completed in a timely manner.

The Princeton Council also approved [Resolution 20-380](#) to execute an emergency contract to complete roadway pavement work on Spruce Street between Moore Street and Maple Street, as this is the only section of roadway where all underground utility work has been completed. The emergency paving contractor will undertake full depth pavement reconstruction on Spruce Street between Moore Street and Maple Street prior to winter temperature limitations on this work. A subsequent notice will be issued detailing the schedule for this work and the anticipated short-term disruptions.

Ian Baker, Construction Engineer, is the main point of contact. Ian Baker and Tiffany Smith, Inspector, will be on-site daily while a contractor is on-site to observe the work. A project contact list is provided on the next page of this notice.

We will send out regular notifications by email regarding the project progress, changes to access, etc. These notices will also be posted on the project website at: <https://www.princetonnj.gov/resources/improvement-of-linden-lane-nassau-street-to-hamilton-avenue-and-spruce-street>. To facilitate ease of communication regarding the project, please contact jredeyoff@princetonnj.gov to be added to the project email list.

We appreciate your tolerance of the construction activities and everyone's cooperation while we work to improve the neighborhood!
