**IMPROVEMENTS TO LINDEN LANE AND SPRUCE STREET
Project Update Notice No. 21
September 10, 2021**

Dear Linden Lane and Spruce Street Neighborhood Property Owners and Residents:

BEGINNING TUESDAY, SEPTEMBER 14, 2021, BLACK ROCK ENTERPRISES, THE MUNICIPALITY'S NEW PROJECT CONTRACTOR, WILL RESUME CONSTRUCTION ACTIVITIES IN YOUR NEIGHBORHOOD TO COMPLETE THE REMAINING STORM SEWER, SANITARY SEWER AND ROADWAY IMPROVEMENTS.

On **Tuesday, September 14, 2021**, Black Rock Enterprises, LLC., will be delivering equipment and materials to mobilize for final construction activities. They will also be locating the remaining sewer laterals at the locations listed below using radar, in which the contractor may need to access your sewer inside the home.

- Laterals along Spruce Street: 43-45 Spruce, 73-75 Moran Avenue, 125 Spruce Street
- Sanitary sewer main and laterals from 39 Linden Lane to the Linden Lane / Hamilton Avenue intersection.

On **Wednesday, September 15th**, weather permitting, Black Rock will begin the sanitary sewer replacement continuing through to early October at the locations listed above. Each lateral will be disconnected for a period of time while the existing lateral is being repaired / replaced. Notices will be left on front doors to homes the day before work is anticipated on your lateral or the sewer main.

While construction is underway, each roadway section, on a block-by-block basis, will be closed to all traffic Monday - Friday, 7:00 am - 6:00 pm. **On-street parking in the work area will also be prohibited while work is taking place. Residents should park on surrounding streets during construction work hours. Please be advised that on street parking will become INCREASINGLY LIMITED as more construction activities take place concurrently.** The road section will be open at the end of each work day and on the weekends.

If Princeton residents need to park overnight on the street, a temporary parking placard can be issued. Please contact Tiffany Smith, tsmith@princetonnj.gov, to obtain a placard. Vehicle information will be given to parking enforcement and police to prevent tickets being issued. Sidewalk detours will be installed while work is taking place. Pedestrians are advised to avoid sidewalk construction zones and use alternative routes.

Garbage and recycling service providers have been notified of the restart of construction. Despite our best efforts, we advise that there will most likely be disruptions to garbage collection and recycling when work is taking place. Please report a missed trash pickup via SeeClickFix, or report a missed recycling pickup to Mercer County Improvement Authority (contact information for both on page 3). In cases of an emergency, the contractor can accommodate all emergency vehicles into a work zone. Access for services and deliveries within the construction limits shall be maintained at all times during construction. If special accommodations are required, please advise us at the earliest convenience.

Ian Baker, Construction Engineer, is the main point of contact. Tiffany Smith, Engineering Inspector, will be on-site daily while the contractor is working to observe the work. A project contact list is provided on the next page of this notice.

We will send out regular notifications, by email regarding the project progress, changes to access, etc. as the work resumes. These notices will also be posted on the project website at <https://www.princetonj.gov/238/Linden-Lane-Spruce-Moran-Avenue-Maple>. To facilitate ease of communication regarding the project, please contact jredeyoff@princetonj.gov to be added to the project email list.

We appreciate your tolerance of the construction activities and everyone's cooperation while we work to improve the neighborhood!
