SUBJ: Resolution to award contract

---

Due to our recent hardware failure with our Storage area network (San) server, which stores most of the data and database files for the municipality, I was asked by administration to come up with a redundant solution to prevent unnecessary downtime. With that said and looking at the future, I am recommending that we award Dell Computers the attached quote under WSCA contract (70256WSCA) in the amount of \$93,835.02. This will purchase two new San servers that can be replicated in a live working network environment. One server would be in Witherspoon Hall server room, the other in Monument Hall server room. This would prevent both servers from taking an electrical spike which is what caused the hardware failure. This also allows us to move data files from 20 servers to one, reducing the number of physical servers the town has to maintain. I have worked with Sandy Webb, CFO to ensure we have the funds to award this contract. We have operating contingency funds available to purchase these units. I will be happy to answer any questions you may have.

**RESOLUTION AUTHORIZING USE OF STATE CONTRACT OF WSCA BY  
PRINCETON**

**WHEREAS**, Princeton wishes to purchase Two Storage Area Network Servers through the WSCA Contract (70256WSCA) and;

**WHEREAS**, Dell Computers, One Dell Way RR8, Round Rock, TX 78682 has been awarded the WSCA Contract 70256 for Storage Area Network Servers and;

**WHEREAS**, the Storage Area Network Servers cost \$93,835.02 (for two servers) and the appropriate monies are provided in the Operating Fund Contingency Budget and;

**NOW, THEREFORE, BE IT RESOLVED** by the Mayor and Council of Princeton, New Jersey authorizing the Administrator to purchase the above Storage Area Network Servers under WSCA Contract from Dell Computers.

I, Linda S. McDermott, Clerk of Princeton, County of Mercer, State of New Jersey, do hereby certify that the foregoing is a true copy of a resolution adopted by the Mayor and Council of Princeton at its meeting held October 28, 2013.
