

PRINCETON COUNCIL MEETING
January 13, 2014

A meeting of the Mayor and Council was held on this date at 7:00 p.m. in the Main Meeting Room in the municipal complex, 400 Witherspoon Street, Princeton, NJ 08540.

NOTICE OF MEETING

The Clerk read the following statement.

The following is an accurate statement concerning the providing of notice of this meeting and said statement shall be entered in the minutes of this meeting. Notice of this meeting as required by Sections 4a, 3d, 13 and 14 of the Open Public Meetings Act has been provided to the public in the form of the 2013 Schedule of Regular Meetings. On January 2, 2014 at 6:45 p.m., said schedule was posted on the official bulletin board in the Municipal Building, transmitted to the Princeton Packet, the Trenton Times, the Trentonian, the Town Topics, and filed with the Municipal Clerk.

ROLL CALL

The Municipal Clerk then called the roll.

Present: Mesdames Butler, Crumiller, Howard and Messers Liverman, Miller and Simon and Mayor Lempert.

Absent: None.

Also Present: Ms. Monzo, Mr. Kiser, Capt. Sutter and Mr. Schmierer.

PLEDGE OF ALLEGIANCE

The audience participated in the Pledge of Allegiance.

COMMENTS FROM THE PUBLIC

Shelly McKnight, 1416 Greenwood Avenue, Trenton and Ken Offner, 107 Haines Road, Mt. Laurel and Abraham Hernandez, 104 Interchange Plaza, Monroe, asked that Princeton require Avalon Bay to use skilled workers for the project.

Peter Marks, Moore Street expressed his opinion and was stunned about a recent news article regarding Mr. Miller and Sue Nemeth running together for Princeton Council. He asked that Mr. Miller and Ms. Nemeth reconsider their position. Mayor Lempert said that there was to be no discussion of politics in the municipal building.

Joe Small, Hawthorn Avenue, defended Mr. Marks and said that he hoped that restrictions are done fairly when people are speaking to Council.

PRESENTATIONS**Arts & Transit Construction Update, Princeton University**

Kristen Appeget, Princeton University reported to Council about the reopening of the roundabout at University Place and the next phase of the Arts and Transit project, late January 2014 to summer 2014.

(Presentation attached to minutes)

Avalon Bay Project Update

John Vogle, Site Plan and Development, Avalon Bay reported that they still have not yet purchased the property but that things are moving forward.

John Mucha, Yannuzzi Wrecking and Recycling Corp., described the demolition process. He said that a fence with a gate will go up around the project prior to the demolition.

Mr. Liverman asked what the noise level might be during the project. Mr. Mucha said that he understood that noise level as described in the municipal ordinance was 65 decibels, 8:00 a.m. to 8:00 p.m. Ms. Butler asked if concrete crushing would be done at the project site. Mr. Mucha said that some concrete crushing would be done onsite. Ms. Crumiller asked Mr. Mucha exactly how one demolishes a building. Mr. Mucha said that there is a state of the art methodology involved in the process. Mr. Vogle said that there would be a neighborhood meeting held to describe the demolition process in detail. Mr. Mucha said that the masonry would be removed with tri-axle dump trucks. Mr. Miller asked if there would be project updates on the municipal website. Mr. Vogle said that he would be happy to do that. Mr. Simon asked if there was anything that we or the state would be doing to monitor the project. Mr. Kiser said that there were a few things that the municipality would be doing to monitor the project and that the State would be doing periodic inspections. Mr. Miller asked if it would be possible to have email updates go out to the residents. Mr. Kiser said that email addresses can be collected at the neighborhood meeting.

Mayor Lempert thanked everyone for coming and for their input during the discussion.

WORK SESSION

Leaf and Brush Schedule, Robert Hough

Mr. Hough said that the Public Works Committee had met to review the calendar. He said that the fall calendar had out worked well but noted that Mother Nature had helped.

Ms. Howard said that the challenge last year was in communicating the complexity of the schedule.

Mayor Lempert asked if we could promote sustainability with Princeton's leaves.

Mr. Hough said that there has been more cross training among the staff. Captain Sutter noted that snow removal complaint will be handled by the safe neighborhoods unit.

Ms. Butler asked that an all-inclusive calendar be released to the public. She also noted that she recently got a flat tire from a pothole.

Mr. Hough said that a program for reporting potholes will be presented to Council at a future meeting.

Mr. Simon asked whether the municipality had done in-house street paving last year. Mr. Hough and Mr. Kiser responded that, apart from construction projects, due to extra work from Hurricane Sandy and also consolidation, the township had not done street paving in 2012 and the consolidated municipality had not done street paving in 2013, in contrast to most years when the former township paved two to three miles per year, using in-house resources. Mr. Kiser indicated that as a result, there is a backlog of "some streets that need to be paved".

Mr. Simon noted that the proposed leaf and brush pickup schedule for 2014 improved on the service provided in 2013 in the spring and summer, and noted that there is still a question as to whether fall brush pickup could be similarly expanded.

Mr. Simon asked that we develop a schedule that meets the service expectations of the community, one that we can keep without having unannounced pickups.

Mr. Simon also asked whether the municipality does storm drain cleanup in advance of anticipated storms. Mr. Hough said that public works did do that, and the combined public works department staff is still learning where the most important trouble spots are in the consolidated municipality.

Andrea Malcolm, Sustainable Princeton, read a letter written by Grace Sinden, 120 Ridgeview Circle detailing the sustainability of leaves that have dropped in the fall.

(Ms. Sinden's letter attached to this set of minutes.)

REPORTS

2014 Budget Calendar Update, Sandra Webb, CFO

Ms. Monzo reviewed with Council the update on the 2014 Budget Calendar. Ms. Monzo reported that the State Division of Local Government Services has extended the budget calendar. The introduction date of February 10th has been changed to March 14th and the adoption date of March 20th has been changed to April 25th.

Ms. Monzo said that the budget will be reviewed by CFAC in January and the budget books will be distributed to Council by February, electronically if so desired. This will allow the Mayor and Council to schedule budget workshops during February to discuss the budget prior to introduction.

Henry Singer asked if changes to the budget process changes would be communicated to the public. Ms. Monzo said that they would.

Health Department Report, Robert Hary, Interim Health Officer

Robert Hary, Interim Health Officer discussed with Council the future of the Health Department. He said that he had been meeting with surrounding municipalities. He said that there were various types of Health Departments that included municipal departments, shared services, regional health committees, and county health departments. Mr. Hary suggested that when Princeton looks for its new health officer, they look for someone with expertise in a lot of different areas. Ms. Howard thanked Mr. Hary for giving Princeton a road map for going forward.

Mr. Hary also reported that the inoculation program at Princeton University for meningitis was going well.

Uniform Crime Reporting (UCR) Statistics, Captain Sutter Monthly Police Report, Captain Sutter

Captain Sutter reviewed with Council the Uniform Crime Reporting Statistics and the Monthly Police Report. He notes that the 2012 UCR statistics for the former Borough do stand out. Regarding the monthly report, Ms. Howard noted that we were currently at 50 officers for the police department and that we were down in terms of overtime hours. Captain Sutter said that this was due to the recent consolidation.

Ms. Crumiller asked why the non-emergency phone number for police was answered by automation. Captain Sutter said that this was due EMS calls that come in to dispatch. Ms. Butler asked Captain Sutter if the Police department could look into issuing "random acts of kindness" tickets.

COUNCIL REPORTS

Mr. Miller reported that trustees of the Mass Transit Trust Fund would shortly request proposals for projects that meet the objective of the fund, which is to conduct studies, planning and implementation of improvements to transit needs of the Princeton community.

Mr. Miller also said that the community has issued an RFP for the operation of our community public, educational and government TV channels for 2014 to Princeton Community TV.

Mr. Miller reported that The Animal Control Advisory Committee has approved a fact sheet on living with coyotes that will be widely distributed to the residents of Princeton.

Mr. Miller also reported that Princeton Satellite Systems with the support of Jersey Solar and with the assistance of Princeton Community Housing and our municipal staff has submitted our qualifications to PSEG in response to a request for pilot projects to demonstrate the feasibility of a solar array/battery system to provide 24/7 emergency power. He said that if selected it would provide emergency electrical power to operate HVAC and other critical functions at Harriet Bryant House and Elm Court.

Mayor Lempert said that she would be holding Meet the Mayor hours on January 20, 2014, and Council would hold a priorities setting meeting on January 21, 2014.

Ms. Crumiller discussed with Council the process of determining Council assignments and whether the discussion should be held in open or closed session. It was determined that the discussion would take place in open session during the Council meeting of January 27, 2014.

To the Editor:

The way we deal with fallen leaves in Princeton is not sustainable financially or environmentally.

In 2010 it was estimated that it cost the then Township and Borough a combined \$700,000. annually to collect leaves. As this fall ritual has come to an end again, we should not continue to use the kind of

resources we do in expensive heavy machinery and maintenance, fuel and labor to collect and haul away tons of leaves. There is also a safety hazard with large piles of leaves to children and others especially on narrow roadways and those with no sidewalks. A good part of these leaves can be kept on site. Following are some alternatives:

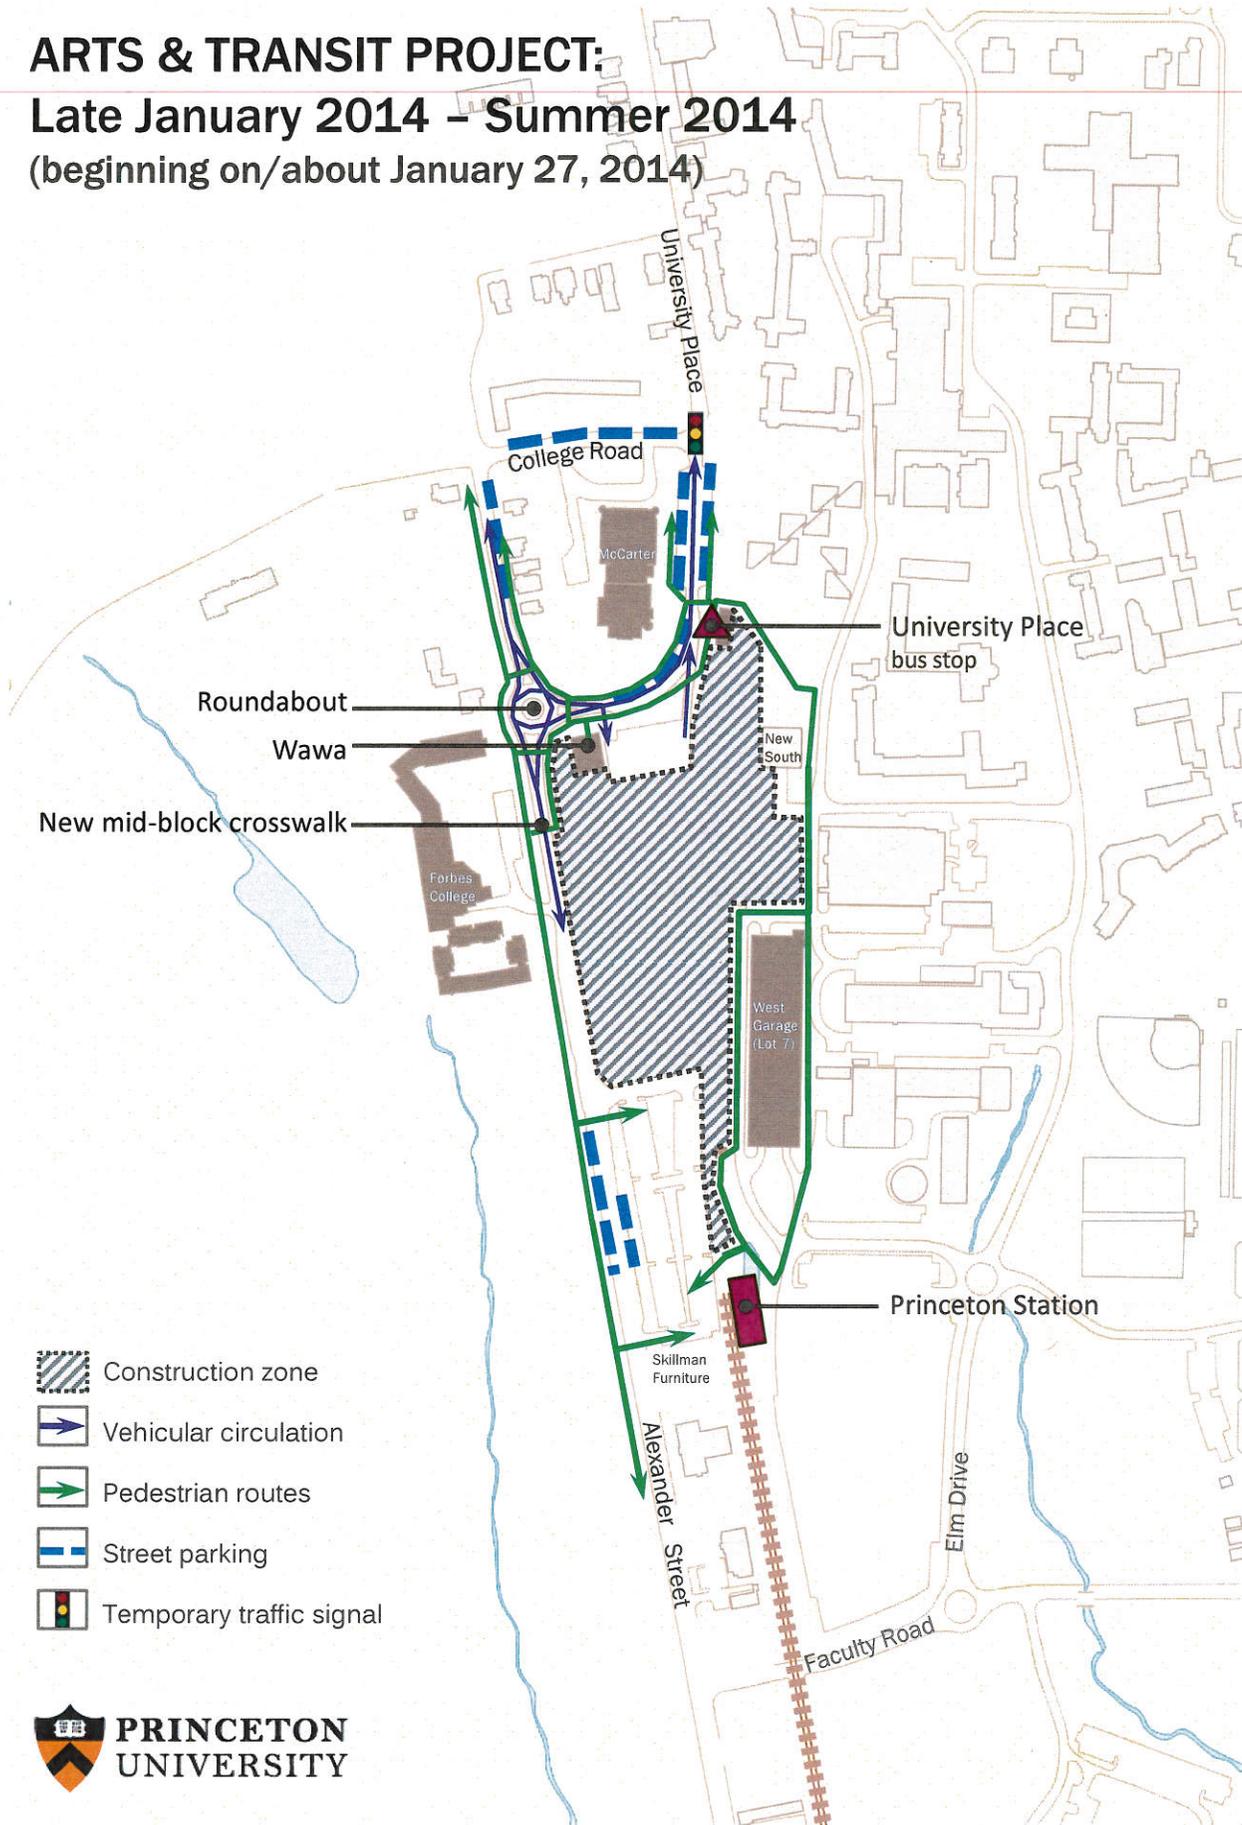

A) On wooded lots leaves can be raked or blown into the woods enhancing the soil rather than being placed on roadways; B) on non-wooded or smaller lots, often a small corner can be found to place the leaves for composting where Mother Nature will transform the pile over the winter to a fraction of its original volume. This resource can be used to enhance gardens or just be left alone; C) The previous process can be greatly enhanced by leaf shredders to further reduce volume and/or to keep finely shredded particles in lawns to improve the soil.

Homeowners and their landscapers should be better informed about these alternatives. Apparently, we will need an ordinance to control these wasteful costs primarily for areas where leaves can readily be left onsite.

This issue has been discussed publicly for at least a decade. It needs some focus now since the wheels of implementation grind slowly.
