## **I. PURPOSE**

---

The purpose of this Assistance Guide is to connect New Jersey residents affected by Hurricane Irene. The Guide lists information on many programs and agencies. Updates and verification are on-going. Updates are available at [www.nj211.org](http://www.nj211.org).

The Guide is arranged in sections based on needs and the types of services provided. Where applicable there are tables arranged to show help available statewide and within the counties. Phone numbers and specific information regarding service eligibility, hours etc. may also be outlined.

You are welcome to call "2-1-1" 24 hours a day, seven days a week for help in finding available disaster assistance services. Language translation and TTY services are offered to any caller. You can also visit [www.nj211.org](http://www.nj211.org) to review the flood resource section, search the database of services in your local community or to chat live with an experienced community resource specialist. 2-1-1 will help identify with you the best local resources to fit your individual needs after a disaster or for life's everyday situations.

Emotional support for people affected by disasters or other overwhelming events is available by calling New Jersey Mental Health Cares' Disaster Mental Health Helpline (877) 294-HELP (4357), where experienced crisis counselors can be reached. A TTY line is also available at (877) 294-4356.

## **II. GETTING STARTED**

---

### **Governor Christie Declares State of Emergency**

On August 25, 2011 Governor Christie signed an executive order declaring a state of emergency in anticipation of severe weather conditions throughout the state as a result of Hurricane Irene.

By declaring a state of emergency the Governor has broadened the power of the NJ State Police including traffic control, limiting access to areas affected by the storm, and the ability to issue evacuation orders. This declaration gives the NJ Office of Emergency Management the ability to mobilize and deploy resources throughout the state including NJ State Police, NJ Department of Military and Veterans Affairs, NJ Department of Environmental Protection and NJ Department of Transportation, as well as county and municipal emergency management officials in impacted areas throughout the state.

**FEMA has not yet declared areas in NJ disaster areas and therefore individual assistance for flood related repairs is not yet available.** If and when this declaration occurs, we will include in this Guide comprehensive, step-by-step instructions on how to apply for assistance.

### **Insurance Claims**

**If your home has suffered damage, call the agent who handles your insurance to file a claim. If you have suffered damage related to flooding conditions and do not know if you have flood insurance, you can call the National Flood Insurance Program at 1-800-638-6620 to confirm your current flood insurance and to find out where to submit your claim.** If you are unable to stay at home, make sure to say where you can be reached. To make filing your claim easier, take photos of the house and save damaged personal property. If necessary, place these items outside the home. An insurance adjuster will need to see what is damaged in order to process your claim. If FEMA assistance does become available you are expected to contact your insurance company first. FEMA may only help with damage not covered by your insurance policy.

### **III. IMMEDIATE ASSISTANCE**

---

The American Red Cross and the Salvation Army are considered First Responders in an emergency. Necessities such as shelter, food, clothing, or cleaning materials can often be obtained from these organizations. Clean-up plans are now being developed and will be announced as soon as they are finalized. Check [www.nj211.org](http://www.nj211.org) for the most current information.

#### **American Red Cross**

The Red Cross provides immediate emergency assistance to people affected by disaster, such as; shelter, food and water, health and mental health services to address basic human needs.

- The goal of Red Cross disaster relief is to enable individuals and families to resume their normal daily activities independently.

The Red Cross also feeds emergency workers, handles inquiries from concerned family members outside the disaster area, provides blood and blood products to disaster victims, and helps those affected by disaster to access other available resources.

To locate your local Red Cross Chapter, go to [www.redcross.org](http://www.redcross.org) and enter your zip code under "Find the Red Cross Nearest You". To access a current list of emergency shelters that are open now go to <http://app.redcross.org/nss-app/>.

#### **Information and Referral**

**Call 2-1-1 by simply dialing 2-1-1 from any phone** to learn about your local community resources. Each county has specific services set up for individuals and families affected by the recent flooding. An experienced call specialist can help you find the best and most current service available to meet your needs.

#### **Disaster Mental Health Hotline**

Crisis counselors will provide outreach and education services about coping with the emotional difficulties in the aftermath of emergencies such as these. Stress can surface in many forms and often appears weeks or months after a traumatic event. It may include anger, fatigue, loss of appetite, sleeplessness, nightmares, depression, inability to concentrate, hyperactivity and/or increased alcohol or drug use. If you or someone you know is experiencing distress or feeling overwhelmed by painful emotions related to recent events, call the **New Jersey MentalHealthCares' Disaster Mental Health Helpline (877) 294-HELP (4357)** where experienced crisis counselors can be reached. A TTY line is available at (877) 294-4356. Translation services are available as well.

An informative guide on Managing the Emotional Consequences of Storms and Floods is also available (in English and Spanish) by following this link to

<http://www.state.nj.us/humanservices/dmhs/disaster/#4>.

**NJ HELPS**

For complete information on all state social services and on-line applications please visit <http://www.njhelps.org>.

## **IV. STATEWIDE DISASTER ASSISTANCE**

---

### **Evacuation Routes**

Evacuation routes for areas throughout NJ are available at [www.nj511.org](http://www.nj511.org) or by dialing 5-1-1. Other emergency evacuation information may be available in the Local Resource section of this resource guide.

### **Emergency Shelter**

A nearly real-time listing of emergency shelters throughout the state is accessible at <http://app.redcross.org/nss-app/> or by calling your [local Red Cross chapter](#) [<http://www.redcross.org/cgi-bin/chapts-new.asp#NJ>]. Other emergency shelter information will be available in the Local Resource section of this resource guide as the situation stabilizes.

If you are evacuated, you need to bring your pets with you. Some shelters are pet friendly, but many are not. Additionally, some counties have deployed their County Animal Response Team to shelter animals. The NJ Department of Agriculture recommends that you ask a dependable friend or relative who lives some distance from the evacuation area if you and your pets can stay with them until the all clear is given.

An alternative is to find a pet friendly motel. Following are links to websites that can help you do just that.

<http://www.pet-friendly-hotels.net/pet-friendly-hotels-newjersey.html>

[http://www.bringfido.com/lodging/state/new\\_jersey/](http://www.bringfido.com/lodging/state/new_jersey/)

[http://www.funnewjersey.com/upload\\_user/Weekend\\_Getaways/HOTELS.HTM](http://www.funnewjersey.com/upload_user/Weekend_Getaways/HOTELS.HTM)

### **Document Replacement**

The New Jersey Bureau of Vital Statistics can help you replace lost marriage, birth and death certificates. For more information, call 609-292-4087 or visit <http://www.state.nj.us/health/vital/> or by mail contact:

New Jersey Department of Health and Senior Services  
Bureau of Vital Statistics and Registration  
P.O. Box 360  
Trenton, NJ 08625-0360

For Express Shipping – download application off the internet and mail to:

New Jersey Bureau of Vital Statistics and Registration  
Attn: Customer Service Unit  
H & A Bldg, 5th Floor  
Warren and Market Streets  
Trenton, NJ 08625

For applications received after 4 p.m., records will be mailed the next business day. To find a local registrar in your county visit:  
[www.state.nj.us/health/vital/regbycnty.shtml](http://www.state.nj.us/health/vital/regbycnty.shtml)

### **New Jersey Drivers License or ID**

Storm victims who wish to obtain a New Jersey Driver's License or ID will be required to meet the New Jersey documentation requirements. Visit <http://www.state.nj.us/mvc/> to download forms for new registration or driver's license.

### **New or Replacement Social Security Card**

Anyone receiving Social Security payments that have been interrupted can go to any Social Security office to get an emergency payment. For information about changing mailing addresses, obtaining a new card, direct deposit, or locating the nearest Social Security office, call 1-800-772-1213 (TTY 1-800-325-0778) from 7 a.m. – 7 p.m./ Monday through Friday or go online at <http://www.socialsecurity.gov>.

### **Supplemental Security Income (SSI) and Social Security Disability Insurance (SSDI)**

Storm victims who already receive SSI and SSDI should contact the Social Security Administration directly at 1-800-772-1213 to learn how checks may be reissued, cards replaced or to report a change in address.

### **Preserving Wet Documents**

To preserve family treasures, review this informational link at the National Archives [www.archives.gov/preservation/disaster-response/guidelines.html](http://www.archives.gov/preservation/disaster-response/guidelines.html).

### **Housing**

There are a variety of local organizations working to develop housing options. For other information, dial 2-1-1 for local referrals.

**The NJ Housing Resource Center** provides an online resource tool for finding affordable rental properties; it can be accessed at <http://www.njhousing.gov/>.

### **Change of Address**

A change of address form is available online at <http://www.usps.com> or at any U.S. Postal Service location. Please be sure when you find permanent housing that your address is current and that FEMA has also been notified if you are expecting assistance.

### **Legal Services**

Legal Services of New Jersey can assist with civil legal services for low-income people including, housing, family, consumer, public entitlements, education, employment, and health care access. Please visit [www.lsnj.org](http://www.lsnj.org) or call **1-888-LSNJ-LAW** (1-888-576-5529). Local offices of New Jersey legal services providers can be found in the local county resource section of this guide.

## **Your Rights as a Renter**

### **Rent Abatement and Security Deposits**

If you are a tenant and you have been displaced as a result of the storm, you may be entitled to a return of part of the rent you paid if you are unable to live in your home during that period of time. You also may not have to pay your rent for the months after that if you are not able to go back into your apartment. Finally, if you are able to return to your apartment, but it is not completely habitable, you may not have to pay all the rent. [Learn more.](#)

[<http://www.nj211.org/images/Flood/ST%20rent%20abatement%202010.pdf>] ([en Español](#))

[<http://www.nj211.org/images/Flood/ST%20rent%20abatement%202010%20SPANISH.pdf>]

Your displacement due to this natural disaster, may also entitle you to have your security deposit returned quickly. A landlord must return your security deposit within five business days if:

- The displacement is caused by fire, flood, condemnation or evacuation; and
- An authorized public official posts the premises with a notice prohibiting occupancy, or
- A building inspector has certified within 48 hours that displacement is expected to continue longer than seven days and has so notified the owner in writing.

[Learn more.](#) [<http://www.nj211.org/images/Flood/ST%20security%202010.pdf>] ([en Español](#))

[<http://www.nj211.org/images/Flood/ST%20security%202010%20SPANISH.pdf>]

### **Pets**

Once you and your pets return to your home, be careful about allowing your pets outdoors unattended and off-leash. The floods may have altered familiar scents and landmarks and your pet could easily get confused and become lost.

In addition, sharp objects, downed electric lines, fallen trees and other debris, or contaminated water could present a real danger to your pet. Raccoons, skunks or other wild animals may have entered the area and could also present a danger to your pets.

If any animals are lost during the disaster, contact veterinarians, humane societies, pet shelters, and other facilities that might house animals. Be prepared to identify and

document ownership when claiming lost livestock. The United States Department of Agriculture Missing Pet Network at [www.missingpet.net](http://www.missingpet.net) may be of assistance.

### **Financial Services and Consumer Advice**

If you believe you have been the victim of a fraud, or if you want to find out how to avoid fraud when making purchases and paying for services, contact the NJ Division of Consumer Affairs by telephone at (973) 504-6200 or (800) 242-5846 (toll free, New Jersey only); E-mail: [askconsumeraffairs@lps.state.nj.us](mailto:askconsumeraffairs@lps.state.nj.us) ; or by mail at 124 Halsey Street, Newark, New Jersey 07102.

### Mobile Feeding

Awaiting notification

### Mobile Bulk Distribution

Awaiting notification

### Disaster Assessment

The Red Cross Disaster Assessment teams will be working in the areas where flood waters have receded to identify damage and the needs of the community.

### Clean-Up Resources

Stations will soon be set up in local areas that will distribute clean-up kits. As soon as the locations are designated the information will be added to this guide.

NJ 2-1-1 is one of many organizations involved in assisting people who are unable to manage clean-up efforts independently. In order to assure a coordinated and responsible clean-up effort many organizations must work together. A plan will soon be in place in which NJ 2-1-1 will register people in need of assistance and pass this clean-up request on to the organizations which have volunteered to perform clean-up operations. Remember, flood waters must recede before clean-up can begin and there are many people who have been affected by this storm so you may have to wait for assistance.

## **VI. RETURNING HOME AND CLEAN-UP**

---

### **Drinking Water Precautions**

Power outages often occur in many municipalities as a result of storm waters. Public Water Utilities in these areas recommend specific safety precautions be taken to be sure that the water is safe for drinking, cooking, bathing and washing. To find out what is recommended in your area, contact your local municipality or call your water company.

If you get your water from a private well, flush the well until the water is clear and free of sediment. To do this, attach a hose to an outside spigot and turn the water on. After the water is clear, then test the well for coliform bacteria. Do not drink the water until it has been tested if your well was under floodwater or if the water was dirty or cloudy when you turned it on.

Use bottled or boiled water until the testing can be done. To properly boil water, bring water to a rolling boil and hold it there for one minute. Let it cool and use as needed for drinking, cooking, brushing teeth, washing hands and for your pets.

Call your [local health department](#) for information on disinfecting private wells.

### **Debris Removal**

Call your local municipality to find out what is being done to collect debris in your area.

### **Flood Water Clean-up Tips**

For information about Flooding and Power Outages the following Web sites can help provide reassurance about how to prepare and what to do.

In an emergency, **call 9-1-1**. If you, a family member or others are in immediate danger or your property is threatened by flood, fire or downed power lines, call **9-1-1 immediately**.

For general information, contact the NJ Office of Emergency Management - <http://www.nj.gov/njoem> **or** Contact the Center for Disease Control and Prevention at <http://emergency.cdc.gov/disasters/hurricanes/>

An informational brochure is available from the New Jersey Department of Community Affairs at <http://www.state.nj.us/dca/divisions/codes/alerts/pdfs/flood.pdf> entitled *Flooding Hazards: What You Need to Know*.

### **Inside the Home**

- Keep children and pets out of the affected area until cleanup has been completed.

- Wear rubber boots, rubber gloves, and goggles during cleanup of affected area.
- Remove and discard items that cannot be washed and disinfected (such as, mattresses, carpeting, carpet padding, rugs, upholstered furniture, cosmetics, stuffed animals, baby toys, pillows, foam-rubber items, books, wall coverings, and most paper products).
- Remove and discard drywall and insulation that has been contaminated with sewage or flood waters.
- Thoroughly clean all hard surfaces (such as flooring, concrete, molding, wood and metal furniture, countertops, appliances, sinks, and other plumbing fixtures) with hot water and laundry or dish detergent.
- Help the drying process by using fans, air conditioning units, and dehumidifiers.
- After completing the cleanup, wash your hands with soap and water. Use water that has been boiled for 1 minute (allow the water to cool before washing your hands).
- Or you may use water that has been disinfected for personal hygiene use (solution of 1/8 teaspoon of household bleach per 1 gallon of water). Let it stand for 30 minutes. If the water is cloudy, use a solution of 1/4 teaspoon of household bleach per 1 gallon of water.
- Wash all clothes worn during the cleanup in hot water and detergent. These clothes should be washed separately from uncontaminated clothes and linens.
- Wash clothes contaminated with flood or sewage water in hot water and detergent. It is recommended that a laundromat be used for washing large quantities of clothes and linens until your onsite waste-water system has been professionally inspected and serviced.
- Seek immediate medical attention if you become injured or ill.

## **Mold**

**Para informacion en Espanol, favor visitar el sitio de internet**

**<http://www.bt.cdc.gov/disasters/mold/es/moldprotection.asp>**

Mold in a damaged home can create serious health problems for residents following severe storms and flooding FEMA officials warn.

Mold flourishes in moist environments in water-damaged homes. It often appears as a fuzzy growth or a discoloration of surfaces, and may be accompanied by a musty, earthy odor or a foul stench. Residents are advised to use care when cleaning up the mold. If there are signs of mold growth in your home before you do anything about it you must decide who is best equipped to do the clean-up. This depends on a number of factors.

One consideration is the size of the mold problem. If the moldy area is less than about 10 square feet (roughly, less than a 3 ft. by 3 ft. patch), in most cases, you can handle the job yourself, following the guidelines below. If there has been a lot of water damage, and/or mold growth covers more than 10 square feet you may want to consult with a professional cleaning service. Who should do the cleanup depends on a number of factors. One consideration is the size of the mold problem. If the moldy area is less

than about 10 square feet (roughly, less than a 3 ft. by 3 ft. patch), in most cases, you can handle the job yourself, following the guidelines below. However:

- If there has been a lot of water damage, and/or mold growth covers more than 10 square feet you may want to consult with a professional cleaning service.
- If you choose to hire a contractor (or other professional service provider) to do the cleanup, make sure the contractor has experience cleaning up mold. Check references and ask the contractor to follow the recommendations in EPA's [Mold Remediation in Schools and Commercial Buildings](#), the guidelines of the American Conference of Governmental Industrial Hygienists (ACGIH), or other guidelines from professional or government organizations.
- If you suspect that the heating/ventilation/air conditioning (HVAC) system may be contaminated with mold (it is part of an identified moisture problem, for instance, or there is mold near the intake to the system), consult EPA's guide [Should You Have the Air Ducts in Your Home Cleaned?](#) before taking further action. Do not run the HVAC system if you know or suspect that it is contaminated with mold - it could spread mold throughout the building.
- If the water and/or mold damage was caused by sewage or other contaminated water, then call in a professional who has experience cleaning and fixing buildings damaged by contaminated water. To access lists of consultants, laboratories, remediation firms and trade groups who provide various environmentally-related services click [here](#).  
[[http://www.state.nj.us/health/iep/mold\\_ta.shtml](http://www.state.nj.us/health/iep/mold_ta.shtml)]
- If you have health concerns, consult a health professional before starting cleanup.

#### HAZARDS OF MOLD INFESTATION

- **Do not spend time in houses with mold.** Nasal stuffiness, throat irritation, coughing or wheezing, eye irritation, or, in some cases, skin irritation may occur.
- **People with mold allergies may have more severe reactions.** Immune-compromised people and people with chronic lung illnesses, such as obstructive lung disease, may get serious infections in their lungs when they are exposed to mold. These people should stay away from areas that are likely to have mold.

#### Tips and Techniques to Remove Mold

The tips and techniques presented in this section will help you clean up your mold problem. Professional cleaners may use methods not covered in this publication. Please note that mold may cause staining and cosmetic damage. It may not be possible to clean an item so that its original appearance is restored.

#### **Before you begin**

Use fans at open windows or doors to dry a flooded residence, but be sure they blow outward, not inward, to avoid spreading the mold. Accelerate the drying process by using a dehumidifier to extract moisture from the air and the contents of your home. Do not use an air conditioning system until it has been checked by a professional. Using

a system contaminated by mold will spread the mold throughout the house. Instead, open windows and doors to provide fresh air.

Discard porous materials such as carpet, mattresses, upholstered furniture insulation and ceiling tiles which are infected by mold. Wallboard, drywall and particle board are also porous and should be discarded. Workers should wear masks, protective eyewear and non-porous gloves while handling anything that is suspected of containing mold.

### **Immediate actions you can take to remove mold:**

- Clean the area to remove, as much as possible, the mold and the material on which it is growing
- Clean with a non-ammonia detergent in hot water
- Scrub the entire area affected by the moisture
- Use a stiff brush or cleaning pad on block walls or uneven surfaces
- Rinse the area with clean water
- Thoroughly dry the area as quickly as possible
- Repeat cleaning as necessary to remove mold
- Disinfect with a 10% bleach solution (1 cup of bleach to 1 gallon of water), by applying a thin coat of bleach solution to the entire area, ensuring that the entire area is cleaned, not just the area where the moisture problem occurred. Use a sprayer or a sponge to apply the solution liberally, but avoid excessive amounts of runoff or standing pools
- Allow the area to dry naturally. Drying time is important for the disinfectant to be effective at killing mold and bacteria

### **Further Advice**

- **Never mix bleach and ammonia. The fumes are toxic!**
- Do not paint or caulk moldy surfaces. Clean up the mold and dry the surfaces before painting. Paint applied over moldy surfaces is likely to peel.
- If you are unsure about how to clean an item, or if the item is expensive or of sentimental value, you may wish to consult a specialist. Specialists in furniture repair, restoration, painting, art restoration and conservation, carpet and rug cleaning, water damage, and fire or water restoration are commonly listed in phone books. Be sure to ask for and check references. Look for specialists who are affiliated with professional organizations.

Learn more about mold clean-up, and prevention [here](http://www.bt.cdc.gov/disasters/mold/protect.asp).

## VII. REPAIRS AND REBUILDING

---

### **NJ Board of Public Utility Advises Impacted Flood Victims of Available Assistance For HVAC, Boilers, Hot Water Heaters And Other Equipment**

The New Jersey's Clean Energy Program™ may be able to help you to replace damaged equipment, by providing you with rebates and incentives towards the incremental cost of purchasing higher efficiency replacement equipment. The WARMAdvantage, COOLAdvantage or Home Performance with ENERGY STAR® programs are designed to help you save on energy costs now and in the future. For more info click here: [www.njcleanenergy.com](http://www.njcleanenergy.com). Questions regarding the program also can be answered by calling toll-free to 1-866-657-6278.

### **Beware of Scams**

- Don't become the victim of disaster-related scams. The following tips are provided by the NJ Division of Consumer Affairs.
- Before you begin making repairs to your home make sure that the professional you are about to hire is licensed to do the repair work.
- Ask to see identification before you let anyone who claims to be from a utility company inspect your home.
- Never give your credit card number or financial information to strangers over the phone or on the Internet.
- It is customary not to pay for the entire home improvement project in advance. Pay one-third beforehand, one-third halfway through and one-third upon completion.

Read more on this topic here: [Tips for Flood Victims: Avoid Disaster-Related Scams - NJ Division of Consumer Affairs](http://www.nj.gov/oag/ca/press/floodvictims.pdf) [http://www.nj.gov/oag/ca/press/floodvictims.pdf]

## **VIII. INFORMATION ABOUT DONATIONS**

---

### **Verifying the credibility of an organization**

To verify the legitimacy of any organization you can check Charitable Registration Section of the [NJ Attorney General's Web site](http://www.njattorneygeneral.gov), [ <http://www.njconsumeraffairs.gov/ocp/charities.htm> ] or call 973-504-6215.

To ensure the charity or fund-raiser soliciting you is registered, please visit <http://www.nj.gov/lps/ca/charity/chardir.htm> or contact the Charities Registration Unit at 973-504-6215.

### **Volunteer Your Services**

Agencies looking for volunteers may register their needs, and volunteers willing to assist in relief efforts, may search for opportunities at [VolunteerNewJersey.org](http://VolunteerNewJersey.org). This statewide database is maintained by The Association of New Jersey Volunteer Centers and the Governor's Office of Volunteerism.

Call your local food bank or Red Cross Chapter to learn of other volunteer opportunities.

### **Donations Needed**

#### **Supplies and Monetary Donations**

Local food pantries are always in need of food. [Find a pantry near you](#).  
First Responder organizations: [The American Red Cross](#) and [The Salvation Army](#)  
NJ 2-1-1 as well as all of the organization listed in the local resources section of this guide are directing all of their staff efforts to assisting people in need throughout this disaster and throughout the year. All of these organizations are non-profit and could always use your support. Please donate to the organization of your choice if you can.

**No clothing donations are being requested at this time.** Before beginning any sort of collection drive, it is important to first call a charitable agency and confirm that there is a need for the donation and that they are able to accept it.

#### **Blood Needed**

Hurricane Irene's devastating effects are hitting New Jersey's blood banks and hospitals hard. Numerous blood drives had to be cancelled statewide.

People who want to schedule an appointment to donate blood or locate a blood drive can find a location near them by calling 1-800-Red Cross or visiting [www.redcrossblood.org/make-donation](http://www.redcrossblood.org/make-donation). Platelet donors are especially important for cancer patients. Platelet donors should call 1-215-451-4153 to make an appointment.

The New Jersey Workforce Coalition is asking all blood and platelet donors to contact your regional blood centers to see if you can schedule yourself to donate, or to start a

life saving blood drive. To locate your regional blood center or for more information on how you can help during this critical time, please click here:  
<http://www.nj.gov/health/njsave3lives/index.shtml>

## **IX. NJ HOTLINE NUMBERS**

---

Hotline numbers are currently being verified.

### **NJ 2-1-1**

New Jersey 's Community Resource Phone or Web site Guide

Just dial - 2-1-1

<http://www.nj211.org/>

**If anything in this guide is incorrect, or additions recommended,  
please contact [info@nj211.org](mailto:info@nj211.org).**
