

Remarks for Reorganizational Meeting 2018:

First I want to say thank you to Councilwoman Butler and Councilman Miller for doing a great job serving the residents of Princeton. Job well done. Second, I want to Welcome Councilwoman Fraga and Councilman Cohen to the Council. I know they will add insight, wisdom, expertise and a caring spirit to this wonderful council. I am please to have the pleasure of working with Mayor Lempert. Our Mayor is one of the most caring, responsible, efficient and productive civil servant I have ever met. Our Council President Councilwoman Crumiller has really stepped up to the plate and has supported this council in such a positive way. Councilwoman Crumiller is one that never says “no.” If there is any way something can be completed Councilwoman Crumiller will find a way. She is very detailed and cares very much for our community. Councilwoman Howard is not only a very public health advocate she brings expertise in many areas including “law.” Councilwoman Howard has strong feelings in regard to “ everybody being treated fairly and with respect.” She is truly an example of a team player. Speaking about team players, Councilman Quinn has brought so much energy and the thinking outside the box. Councilman Quinn is someone that you want on your team. He is hardworking and cares deeply for the residents of Princeton.

I would be remised if I did not thank our Staff. Administrator Marc Dashield and every employee that makes our job easy. I want to say that my motto for this year is “ Lets do It!” When we think about the weather and the many millions of dollars in municipal equipment that is being damaged because of no cold storage facility. I want to say Let’s begin building that facility! Let’s do it.

When I think about the many lives that have been effected by legal and illegal drug use. I want to say to Corner House under the leadership of Mr. Gary DeBlasio and the Princeton Alcohol and Drug Alliance to continue to educate and teach our youth to be leaders and not followers. Keep on doing it! When I see our residents in the community looking for Affordable Housing I want to say to Maureen Fullaway of Princeton Affordable Housing, Ed Truscelli of Princeton Community Village and Scott Parsons of Princeton Housing Auth. Keep on doing it!! Continue to provide affordable housing.

With the fire that has occurred at Griggs Farm many more people are looking for housing. When I see the Princeton Police Dept. under the direction of Chief Nick Sutter go out of there way to communicate, to listen and help our residents one person at a time. I want to say Keep on doing it.

We are so lucky to live in Princeton. I have been so lucky to have been given the opportunity to represent this community. I am looking forward to 2018 and the many new challenges that we will face us as a council and as a team.

Thank you ,

Councilman Lance Liverman
