**NOTICE OF NEIGHBORHOOD PRECONSTRUCTION MEETING
WITHERSPOON STREET PHASE 1 (NASSAU STREET TO GREEN STREET) IMPROVEMENTS
THURSDAY, MARCH 31, 2022 AT 7:00 PM**

Dear Witherspoon Street Residents:

You are invited to attend a virtual preconstruction meeting on Thursday, March 31, 2022 at 7:00 pm to meet the Municipality's contractor, and to learn about the construction schedule and construction phasing for the improvement of Witherspoon Street between Nassau Street and Green Street. We urge you to attend and / or send in questions / comments about this very important improvement project.

You are invited to a Zoom webinar.

When: Mar 31, 2022 07:00 PM Eastern Time (US and Canada)
Topic: Witherspoon Phase 1 - Neighborhood Preconstruction Webinar

Register in advance for this webinar:

<https://bit.ly/WspoonPrecon>

After registering, you will receive a confirmation email containing information about joining the webinar.

Earle Asphalt Company of Farmingdale, New Jersey, will be constructing the following improvements on Witherspoon Street between Nassau Street to Green Street over the next 12 months:

- Replacement and / or repair of the storm sewer system, and sanitary sewer main and laterals
- Replacement of all existing curb and sidewalk
- Narrowing and replacement of the roadway surface
- Upgrading the traffic signal at Paul Robeson Place / Wiggins Street / Witherspoon Street to be ADA compliant, including signal timing update for pedestrian traffic
- Installation of street trees and landscaping
- Installation of new street lights
- Traffic marking lines and symbols, and other miscellaneous work

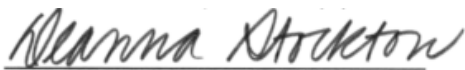

The construction work is planned to occur Monday through Friday during daytime hours. It is not anticipated that weekend work will be needed. If necessary, road closure and / or night work may be implemented for work in key intersections such as Paul Robeson Place / Wiggins Street and Hulfish Street, or for specific construction activities.

Pedestrian access will be provided to all businesses during construction work hours. The contractor will endeavor to keep one lane of vehicular traffic open during construction work hours. Before and after work hours, the roadway and sidewalks will be open to all traffic. At times, some sidewalk closures and detours will be necessary during and after construction work hours; a signed pedestrian detour route will be provided in this situation.

T&M Associates will be the main point of contact for questions during construction, as they are acting as Construction Administrator for Princeton. Donald Newell, P.E. is the Construction Manager and Resident Engineer, and Alex Henderson is the Construction Inspector. Alex will be on-site daily while the contractor is working to observe the work. Their contact information is provided on the next page of this notice.

Princeton is providing email communications on the project via a Constant Contact newsletter. Please visit <https://www.princetonnj.gov/246/Witherspoon-St-Improvement-Project-Nassa> to subscribe to the newsletter.

Best regards,

Deanna Stockton, P.E., C.M.E.
