**RECONSTRUCTION OF BANK STREET AND NASSAU STREET (NJSH RT. 27) STREETScape  
(BAYARD LANE TO BANK STREET)**

**Project Update Notice No. 2**

**January 29, 2021**

Dear Bank Street Residents and Nassau Street Business Owners:

**CONSTRUCTION UPDATE** We would like to thank everyone that participated in the neighborhood meeting. The recording of the presentation, and the presentation has been uploaded to the project webpage.

With the pending weather Sunday evening, Princeton's contractor, Earle Asphalt Company (EAC), has rescheduled the start of construction to **Monday, February 8, 2021**. Additional details to follow next week in Notice No. 3.

**REMINDERS & GENERAL BUSINESS** We would also like to take this opportunity to remind residents to contact your service provider(s) ASAP, if you are planning on making underground utility upgrades. This will ensure that upgrades will be complete before we replace sidewalks and pave the roadway.

Despite our best efforts to notify service providers, we advise that there will most likely be disruptions to garbage collection and recycling when work is taking place. Please report missed garbage pickups on Princeton's SeeClickFix system. Missed recycling pickups should be reported directly to the Mercer County Improvement Authority at 609-278-8086.

Ian Baker, E.I.T., Construction Engineer, will be acting as the project manager; Inspectors Rich Decker and Tiffany Smith will be on-site each day while construction is occurring. Please visit the project webpage on Princeton's website at the [Bank Street Improvement Project webpage](#) for all of the latest project information and updates. To facilitate ease of communication regarding the project, please subscribe to receive text messages and/or email notifications on the municipal website at <https://www.princetonnj.gov/list.aspx>. To be added to the project E-mail list or if you require a translated version of this notice, please contact [jredeyoff@princetonnj.gov](mailto:jredeyoff@princetonnj.gov).

We appreciate your tolerance of the construction activities and everyone's cooperation while we work to improve the neighborhood!
